

# YDP20-0CE Data Printer

Characters Per Line: 24 max  
Print Speed (approx.): 2.5 lines/sec

Dimensions (W x D x H):  
155 x 215 x 75 mm / 6 x 5.5 x 3 in

Net Weight (approx.): 0.9 kg / 2 lb

---

## Data Printer with GLP and GMP Function for all balances and moisture analyzers

---

### Features:

Alphanumeric dot matrix print head and touch-control keypad for easy operation. Time and Date are displayed through a 4 digit LC-display. The three digit numerator function can be turned on or off and allows consecutive numbers to be printed out to identify the individual weights of samples.

The real-time clock ensures the actual date and time are printed (data back-up by battery-backed memory for more than 4 weeks).

Additionally the printer features intelligent capabilities for statistical evaluation of weights transferred by an on-line balance or calculated (such as piece counts) by dedicated applications programs built into an on-line balance.

---

### Statistical Evaluation Output:

- Sum of all sample weights
- Standard deviation
- Mean value
- Maximum value
- Minimum value
- Variation coefficient

### Function Keys:

- Numerator ON/OFF
- Clear Numerator
- Form Feed
- PRINT Key
- Date and Time
- Print-out Statistics
- Cursor Keys for Menu Operation

### Equipment Supplied:

- Cable for Connecting to Balance, (approx. 1 m / 3 ft L)
- 1 Roll Paper: (57 mm / 2.25 in W, 50 m / 160 ft L)
- 4 Nickel-Cadmium Batteries, AA size

### Options:

Printer Paper, 5 Rolls,  
(57 mm / 2.25 in W, 50 m / 160 ft L)  
Part Number: 6906937

Adhesive Backed Label Paper, 1 Roll,  
(57 mm / 2.25 in W, 20 m / 56 ft L )  
Part Number: 69Y03247

Printer Ink Ribbon,  
Part Number: 6906918
